body of water will be present. The entire system is supplied with manthe sub-mains. The man holes are supplied will organize a company and commence its with perforated covers, giving ventilation to manufacture as early as possible." the entire system.

At the upper end of each lateral will be an automatic flush tank. They are made to fill and discharge automatically for the purpase of filling the pipes. The normal flow in laterals will be two or three inches deep. The leading main will be supplied with flushing gates, which cause the main to be stopped up automatically and remain so until nearly For some full, and then suddenly thrown open, causing the lower section to be flushed. There will armed to the teeth and with the command be about three flush gates on the leading of one of authority ordered every fellow cut

of 150,000 district taken in. If the population exceeds that a parallel main can be put down. The sub mains and laterals to have a capacity for a population of 200,000 The capacity of the laterals was increased by the course of a few hours the fellow was placing the sub-mains only one-balf mile apart instead of twice that distance.

The entire system covers over seven sounce miles and calls for eighty-five miles of sewer pipe. The average cost for each mile is between \$3,500 and \$4,000. The pipes recommended are all vitrifled, salt glazed clay pipe which costs when in the ground from 15 cents per foot to \$250 per foot. It is as it does not rust and is perfectly impersufficient strength to stand all pressure; and at work ever since, thinking he had been emit is claimed will last until Gabriel toots on ployed by a Santa Fe official. his e-flat. The system recommended don't care for storm water. It is pronounced not had not been hired by any Santa Fe official, advisable to attempt to provide for storm and had better quit duty at least temporarily water in a system caring for underground would cost six times as much as the plan left the office swearing vengeance

In talking with Mr. Caristie, whom the data A number of young people from the city gained he stated that the pipe now being boots and shoes, and who also has been conwill attend the Shea-Mannion nuptials at layed on Topeka avenue would care for storm Brush electric light company, was among main nor was it in the right place for a leading main for the district named. JAY-EYE.SEE.

A short time ago mention was made in the EAGLE of correspondence that had been instituted with a view to securing the famous trotter, Jay-Eye-See, for the Wichita Hors Fair. Following is the reply to a letter written to the owner of the horse by Col. Hartzell, secretary of the fair, and is self explanatory:

Yours very truly, J. I. CASE. AN IMPORTANT VISITOR.

John Hamilton, Eq, superintendent of agencies of the "American Exchange in Europe," spent yesterday in our city, and who in company with Colonel Lawis, of the Kansas National, made the Eagle a brief call. As many of our readers probably know, this banking firm is one of the largest in the world and the only really American bank in 80 Europe, with institutions at London, Liverpool, Queenstown, Paris and Berlin and a 2.75 The Jewish people again assembled at the registered capital of \$1,000,000 co. The Largest and Most Beautiful Dry Goods and Carpet Store in the State of Kansas.

The light is so arranged that our enstomers will not buy their goods in the dark. We have purchased for the fall season a superb stock of Dry Goods, Carpets, Upholstering, Window Draperies, Fixtures, Etc. We show over \$100,000 worth of the cheapest and most desirable fabrics manufactured, from a nickle to \$20 per yard.

If you wish a calico or a cashmere we can furnish you with the cheapest and best. Our Dress Making Department under the superintendment of Mesdames Tibbets and Breckon is now open and we are able to furnish a costume at a moments notice at any price you wish to pay. House cresses, walking, wedding or reception cos-tumes at the lowest figure.

Our Dress Goods Department

Is not equalled for variety or style in any city of the state. Our high novelties are the finest goods brought to this country, purchased of the importers in New York City only. That city cannot boast of finer or more stylish fabrics than we are showing—for we bought the best that was shown. We purchased but one dress pattern of a style, so that no two ladies will have the same costume.

OUR CARPET DEPATMENT

We are showing Marvels of Beauty. Axminster, Moquets, Velvets, Wiltons, Brussells, Taps. Etc., very cheap. Rugs! Rugs! Rugs! All new designs in Turkish, Ve vet and Scotch. Our Curtain Stock is beyond comparison, the finest ever shown in the state. Call and examine
